Tonic
Elegance
unlimited

Harmony in showering

With its exciting blend of modern, minimalist design and elegant luxuriousness, Tonic sets a new standard in bringing you a relaxing, indulgent showering experience with a real sense of space.

With a wide choice of opening systems and a modern, harmonious, uncluttered design aesthetic, Tonic feels at home in any bathroom. Featuring clean, crisp lines, frameless edges and high-quality finishes, Tonic offers the comfort and style you'd expect from Ideal Standard. But what sets it apart is its sheer everyday usability. Tonic shower enclosures are as practical to use as they are desirable to own.

Designed and built with the highest quality, design and performance principles, every Tonic product is fully guaranteed for two years, and conforms to all current EU norms.

Key features of Tonic shower enclosures

These symbols appear throughout the brochure to provide a quick overview of each enclosure's features:

-  Toughened 8mm clear safety glass
-  IdealClean finish
Makes glass easier to clean – and stay clean for longer

-  Rise and Fall hinges
Ensure easy opening and a waterproof seal every time you shower
-  Horizontal adjustment
Up to 20mm on all models (25mm more thanks to the additional profile) allows perfect fitting to out-of-true walls

Tonic

Everyday extraordinary

With its minimalist design and understated elegance, Tonic brings a touch of timeless, sophisticated relaxation to your bathroom.

Featuring frameless glass, balanced detailing and high-quality finishes, Tonic is undoubtedly luxurious. But thanks to expert engineering and construction, it's practical for everyday use, with a range of clever features created to ease installation, cleaning and maintenance. So all you have to do is enjoy your shower in style.

Design by

ARTEFAKT was founded in 1989 by Thomas Fiegl and Achim Pohl and works in close cooperation with the international industry. The design team, comprised of up to 12 designers, develops product lines within an overall development process.

Tonic corner entry enclosure with Ultra Flat shower tray, Idealrain shower system and Ceratherm 100 thermostat.

Tonic S-shaped corner entry

Ideal for an extra-large shower area for a truly outstanding shower experience, the S-shaped corner entry unit nevertheless makes smart use of space. Its shape is perfect for enabling installation behind a door, without compromising the usable space inside.

Tonic S-shaped corner entry enclosure with S-shaped shower tray, Idealrain shower system and Ceratherm 100 thermostat.

A touch of class

Sleek design and solid, high-quality construction means the handles on Tonic shower enclosures make a perfect finishing touch.

design

Tonic D-shaped peninsular

The indulgent D-shaped peninsular unit offers unparalleled convenience and openness – and makes a real statement in your bathroom while taking up minimum wall space. Two hinged doors give maximum access to an unconfined 180° showering experience.

Tonic D-shaped peninsular enclosure with D-shaped shower tray, Idealrain shower system and Ceratherm 100 thermostat.

Tonic quadrant enclosure with Tonic shower tray and Moments Design Totem.

Tonic quadrant / offset quadrant

With their curved, harmonious edges these shower enclosures suit almost any bathroom design. They offer a large showering area even when space is at a premium, creating a relaxing open environment even in restricted spaces.

functionality

Seal of approval

Innovative Rise and Fall hinges mean you always get a watertight seal when you take a shower.

Tonic offset quadrant enclosure with Ultra Flat shower tray, Idealrain shower system and Ceratherm 100 thermostat.

Stability built in

With strong bracing brackets and 8mm toughened safety glass, Tonic shower enclosures are extremely stable.

Tonic corner entry / corner entry with side panels

If you have limited space on either side of your shower cubicle, Tonic corner entry shower enclosures offer an effective solution. They offer a generous opening into the centre of your bathroom, allowing easy access to a roomy showering area.

innovation

Perfection is standard

Because walls aren't always true, we give you up to 20mm of horizontal adjustment per panel to ensure an ideal fit (25mm more thanks to the additional profile).

Think bigger

Tonic side panels mean easier buying, easier planning and easier installation. They can be used with a corner entry unit to create a larger, more spacious shower enclosure.

Tonic alcove door with two fixed panels, Ultra Flat shower tray, Idealrain shower system and Ceratherm 100 thermostat.

Below
Tonic alcove door with one fixed panel, Twist shower tray and Moments Design totem

Tonic alcove door with fixed panels

Tonic alcove doors are versatile enough to turn even the most awkward space into a comfortable, spacious showering area. The pivot door swings open to offer wide access - perfect for an alcove installation. Alcove doors are available with either one or two fixed panels to create a larger enclosure of up to 140cm.

Tonic bath screens

Tonic bath screens offer you all the benefits of both a shower and a bath without the need for any extra space. Offering easy access via a large hinged opening, Tonic bath screens complement any Ideal Standard rectangular bath. Also available with a convenient integrated towel rail.

functionality

Cleaner for longer
IdealClean treatment, standard across the Tonic range, repels water and helps prevent the build up of limescale, making glass easier to clean and helping it stay clean for longer.

Tonic bath screen with Tonic bathtub and Moments Design totem.

Tonic

It's part of the family

The modern, minimalist style of Tonic fits perfectly into the complete Ideal Standard range with a choice of complete solutions to create your ideal showering experience.

Tonic

The simple shapes and clean, minimalist lines of these shower trays add an extra dimension of space to your bathroom.
(Designed by ARTEFAKT)

Ultra Flat

These low profile shower trays bring maximum comfort and sophistication to any bathroom.
(Designed by ARTEFAKT)

Twist

Clever, functional design details and fully recyclable materials make Twist shower trays a smart bathroom choice.
(Designed by Nilo Giacchini)

Idealrain

A new dimension in showering: maximum performance and functionality with one of the flattest handsprays on the market.

(Designed by ARTEFAKT)

Moments Design

High design meets practical functionality: five individual shower zones allow perfect relaxation every time you shower.
